Two Hanover Youths Are Killed When Speeding Car Hits Trees Thanksgiving

Two Hanover young men were fatally injured Thanksgiving afternoon at 2:45 o'clock when a car containing six youths left the Mt. Pleasant Rd., seventeenth of a mile south of McSherrystown, and slammed into two trees.

The Adams County coroner, Dr. C. G. Crist, said both died instantly of compound fractures of the skull and internal injuries.

They were Calvin Joseph Eltz, who would have been 17 Monday, of 146 McAllister St., Hanover, and Gary Lee Forry, 21, of 436 Baltimore St., Hanover.

FOUR IN HOSPITAL

State Policeman Edwin Karr, who with Dr. Crist and Conewago Twp. Policeman Thomas Carbaugh are investigating the accident, said the youths were passengers in a car driven by Richard M. Rebert, 19, 121 McAllister St., Hanover. Rebert and the three other occupants of the car were injured and removed to the Hanover Hospital by the McSherrystown ambulance.

According to the police, the auto bearing the six young men was headed south, passed another southbound car near a curve, then failed to negotiate the curve and went off the west side of the highway. The vehicle traveled 171 feet along the side of the road until the right rear of the car struck a tree 13 feet west of the highway. The Rebert car spun around, and collided with another tree 27 feet farther south and about eight feet in from the highway. The car continued 21 feet farther and came to rest with its front end almost in a farm pond at the John Menges farm, Hanover R. 4.

The auto, a 1956 Ford was demolished, with doors and roof and side ripped and shattered. IN SERIOUS CONDITION

One of the four youths hospitalized as a result of the accident was reported in a serious condition at the Hanover Hospital this morning. Larry Becker, 16, son of Mr. and Mrs. Allen L. Becker, 16 McAllister St., Hanover, who had fractures of the upper sections of both legs and right wrist and cuts about the head, was listed as "serious" by the Hanover Hospital.

VFW PLANS 2 CONTESTS IN SCHOOLS HERE

Plans for a penmanship contest and an essay contest in the local schools were outlined Wednesday evening at a meet-Veterans of Foreign Wars.

Approval was given for Walter O. Powell, Loyalty Day chairman of the post, to also seek to conduct an essay contest on "What Loyalty Day Means To Me" in the local senior high school with prizes to be awarded for the best essay.

The post also voted to conduct a penmanship contest in the grade schools of the town with prizes to be awarded to the students in the Fourth, Fifth and Sixth Grades who have the best hand writing.

TO PRESENT FLAG

As community service chairman, Powell received permission to set up a program by which the post will present a flag to a church in the community each year on Flag Day.

Commander Charles Moser presented retiring commander Robert B. Swisher with his past commander's pin and a life membership card. Swisher told the members he is "proud of both." Under a new program each outgoing commander of the post is presented with a life membership in the VFW for his service during the year.

Reports showed there are now 150 paid-up members for 1964 in addition to 11 life members, and according to the quartermaster, "dues are starting to come in fast."

District Commander Paul Kopp and Senior Vice District Commander Criswell spoke on membership, community service and Civil Defense. They announced that the next district meeting will be held December 8 at Chambersburg and that the state department commander will make an official visit to this area on February 13, when he will visit the East Berlin VFW Post.

SANTA CLAUS ARRIVES HERE THIS EVENING

Santa Claus will arrive in Gettysburg at 7 o'clock this evening — weather permitting.

Ralph Will, chairman of the Retail Merchants' Christmas lighting committee which with the Junior Chamber of Commerce is arranging for Santa's visit said:

"We hope the weather will permit Santa to arrive as scheduled tonight. If it is raining around 7 o'clock we will have Santa postpone his trip until Saturday night at the same time."

"But if the rain stops Santa will arrive on a fire engine from the high school."

FURNISHES MUSIC

When the committee in charge was unable to arrange for a band Charles Ditzler, proprietor of Ditzler's Music Supplies, Baltimore St., offered the use of a recorder to furnish music over the fire truck's loud speaker this evening. He has also arranged to amplify Christmas from his store when Santa turns on the Christmas lights at the Plaza corner on Baltimore St.

Mayor William G. Weaver will present a key to the city to Santa and invite him to turn on the lights of the town's Christmas decorations.

After the brief program Santa will go to Santa's Shanty, Lincoln Square, to welcome the youngsters there, give them a treat of Adams County Apples and learn what the children want for Christmas.

COUPLE IS SUED FOR SUM AFTER FOREST BLAZE

The state Department of Forests and Waters has brought an action in esumpsit in Adams County court against Everett G. and Helen Wills, Greenstone, alleging they have failed to pay the state \$102.64 representing part of the costs of putting out a forest fire in the Greenstone area March 25.

According to the papers filed in the prothonotary's office by Attorney Oscar C. Spicer for the Commonwealth, the \$102.64 represents the wages paid for men called in to help fight the fire and does not represent the wages or salaries of anyone on the state's payroll who may have assisted in combating the blaze.

The Commonwealth's complaint alleges that on March 25 a fire was lighted in a trash barrel located on the property of Mr. and Mrs. Wills at the edge of a forest in Hamiltonban Twp. The allegation claims Mr. and Mrs. Wills did not "exercise proper care and control of the fire in the trash barrel" and it spread from there into the woods.

A bill for the \$102.64 was sent to Mr. and Mrs. Wills, according to the complaint and "was not paid within 30 days."

The complaint is attested by Samuel S. Cobb, chief of the Division of Forest Protection for the state Department of Forests and Waters. A listing of the salaries, giving the names of the 39 men whose pay is charged against the Greenstone couple, is attached to the complaint. It showed most were paid 75 cents per hour for two hours work, with 23 of the men receiving checks for \$1.50. Seven are listed for three hours work, some for four, or more, and one, William Gladhill, was paid for 11 hours work in connection with the blaze.

OPEN HOLIDAY BUREAU HERE NEXT TUESDAY

The annual "Holiday Bureau" which provides an opportunity for those who wish to aid the needy to secure the names of those most in need of help — will open Monday in the United Fund room in the Adams County Red Cross office, Baltimore St.

The bureau will be open from 2 to 4 afternoons and 7 to 8 evenings Mondays through Fridays. Volunteers from the Business and Professional Women's Club, the Soroptimists, Beta Sigma Phi sorority, Inter-Fraternity Council, Tau Kappa Epsilon fraternity, the Woman's Club of Gettysburg and the Senior Citizens' Club will be on duty until Christmas.

IS CLEARING HOUSE

The bureau acts only as a clearing house for those who wish to provide gifts and baskets of food for needy persons.

It came into existence a few years ago when it was recognized that many who wished to help needy families did not know how to secure the names and addresses of those who were most in need, and at the same time it was realized that at Christmas a few families received a great deal of help from many organizations while others equally as worthy, but unknown, received no gifts.

To help spread the Christmas donations to as many as possible, the bureau has asked those who know of individual families and plan to take care of their Christmas needs, to register the name of the recipient of their charity with the bureau so it will be known that that family is to be helped at Christmas. Thus, when it is known families are cared for, names of others can be given those calling for the address of someone to assist.

The Adams County coroner, Dr. C. G. Crist, listed the cause of death as a fractured skull and internal injuries, and said the woman was "almost torn to pieces" when her body was hurled from the car as it rolled over. He described her injuries as "about the worst I have ever seen in all my years as coroner."

Two 18-year-old youths who were occupants of the car with her suffered "contusions, abrasions and lacerations of the entire body," according to the state police report, and were admitted to the Warner Hospital after having been taken there by the Gettysburg firemen's ambulance.

AT HIGH SPEED

The youths were Robert Eugene Wills, 18, Fairfield R. 2, and Harold Eugene Guise, 18, 83 Steinwehr Ave.

State Policeman Clifford Lightner, who investigated, said the 1953 car was demolished and said it apparently had been going south at a high rate of speed before it failed to negotiate a curve to the left between the Codori House and the Twin Kiss ice cream stand.

The car went off the west side of the highway, hit a mail box, came back onto the highway, crossed the road, went off the east berm, tore down 90 feet of U. S. government fence and then rolled over into the field, coming to rest 34 feet from the road. Damage to the fence was estimated at \$400, to the car at \$250.

Mrs. Witherow and her two companions were thrown from the auto. The body of Mrs. Witherow being found about 15 feet from the car, according to Dr. Crist.

Dr. Crist said he was told the trio had stopped near the Diorama on Steinwehr Ave. to obtain some cigarettes from the Guise youth's father. The car had then proceeded on south.

According to the coroner, Borough Officers Clarence Chack and Russell Potter were on duty patrolling Steinwehr Ave. and were about at the former Dave Oyer Motors Garage when the Witherow car passed at a high rate of speed. The two local policemen followed the other vehicle out the Emmitsburg Rd. and thus were witnesses, though some distance back, of the accident.

The officers said they did not know whether the occupants of

LBJ IS FACING HOUSE REVOLT BY LIBERALS

WASHINGTON (AP) — President Johnson faces a revolt among a group of House Democratic liberals, a revolt that began before the death of President John F. Kennedy.

It is aimed not at the President, but at Congress. It aims at punishment, by withdrawal of party seniority privileges, of those Democrats who refuse to support the national party ticket and policies. President Kennedy always declined to take such a drastic step, preferring conciliation and persuasion.

Leading the revolt is Rep. Richard Bolling, D-Mo., one of the party's most articulate and thoughtful strategists in the House.

TAKES OPPOSITE VIEW

His target is the "subversives and quislings of the Democratic party," whom he defines as some Southern conservatives.

Bolling takes issue with President Johnson's belief, as expressed in his speech to Congress Wednesday in "the ability of Congress to act; to meet any crisis; to distill from our differences strong programs of national action."

Bolling said in an interview that Congress is not viable, or able to live, under its present structure.

He said it has not been viable for a long time "but hasn't been observed as such" because the late speaker of the House, Sam Rayburn, held it together and made it work by his personal prestige and influence.

REQUIRE LOYALTY

"We staggered along with the appearance of functioning largely because of Rayburn," Bolling said. "It is not the fault of the Republicans. They are a conservative party, by and large. But they are responsible. We—the Democrats—on the other hand, are totally irresponsible."

"The minimum is, we start with a demand for at least a minimum of party loyalty. They must at least support the national ticket."

WOULD DENY SENIORITY

"The maximum would have the effect of altering the power structure. This is the only kind of reform that would have any meaning."

"The faults of Congress are not intrinsic, but lie with the Democratic party. My approach is to maximize the number who behave like Democrats and minimize those who don't."

THIS CAN BE DONE, BOLLING SAID, BY DENYING THE PRIVILEGES OF PARTY SENIORITY, INCLUDING COMMITTEE CHAIRMANSHIPS, TO SOUTHERN DEMOCRATS WHO OPENLY DEFY AND WORK AGAINST THE NATIONAL DEMOCRATIC TICKET.

FACES CHECK CHARGE

William Jarvis, 238 S. Washington St., was arrested by borough police Wednesday afternoon on a warrant from the office of Justice of the Peace William Ent, Mechanicsburg, alleging a bad check charge had been filed before the justice. According to the borough police report, Jarvis posted bond before Justice of the Peace Robert P. Snyder here to appear before Justice Ent at Mechanicsburg December 6 at 2 p.m. on the charge.

REV. J. WOODS IS MODERATOR OF PRESBYTERY

A memorial resolution for the late President John F. Kennedy was adopted by the Presbytery of Carlisle meeting in stated session on Tuesday at the Big Spring Presbyterian Church, Newville. The 101 delegates from 59 churches in south central Pennsylvania directed that a copy of the resolution be conveyed to the President's widow.

The Presbytery elected Rev. Joseph M. Woods Jr. of Camp Hill as its 1964 moderator. Selected as the 1964 vice moderator was Ruling Elder Charles W. Hall from the Mechanicsburg Church. Rev. Woods retired as executive secretary of the United Churches of Greater Harrisburg in June, 1961, completing 18 years of inter-church service in Lackawanna County and in Harrisburg, and 20 years as a pastor and a short-term teacher in China. He is serving as interim pastor for the Lower Marsh Creek Church, Gettysburg R. 2, and as chairman of presbytery's pension committee and in numerous community and church activities.

RAISE MINIMUM SALARY

The minimum salary for ministers serving churches within the presbytery was raised from \$4,500 to \$4,800 for ministers serving one church and \$5,000 for ministers serving more than one church. The action follows a synod recommendation.

Delegates approved a recommendation of the church and society committee that it be constituted a commission on religion and race for one year.

A 1964 presbytery budget of \$31,117 was adopted, along with a \$1.30 per capita assessment for the judicatory's 22,335 communicant members. The budget includes an item for a general presbyter. The following will secure a nominee for the executive position: Rev. Robert A. MacAskill, Gettysburg; Rev. J. Gordon McKenzie, Harrisburg; Rev. Ira O. Reed, Hershey; Rev. Ralph B. Snyder, Lebanon, and Hall.

Among five overtures from the 175th general assembly with which delegates concurred was an addition to the denomination's form of government which further clarifies and emphasizes open fellowship and membership. The overture stressed that these can be "refused because of color, origin or world condition."

An overture of the 175th General Assembly in May, 1964, was initiated by the presbytery. It called for a G.A. deliverance clarifying the working relationship of Presbyterian judicatories to non-ecclesiastical bodies, "especially in the field of health, welfare,

OK Fallout Shelters Adequate For 3 Pct. Of County's Residents

Ninety-seven per cent of Adams County's residents had best build their own shelter in case war or accident showers the county with radiation.

County Civilian Defense Director William G. Weaver today announced the buildings in the county approved by the state as fallout shelters and to be stocked with food and other supplies during the coming month.

The total capacity of the public shelters is 1,525, just about three per cent of the county's 52,000 population.

TONS OF SUPPLIES

There will be additions and changes made in the future as new buildings are constructed, or changes made in others, and when college buildings are finally approved as shelters—but it was very evident that the total of public shelters will in no way care for more than a small percentage of the population. There will be places to which people can go who are caught too far from home to make it to their own home shelter.

Seven and a half tons of fallout shelter supplies have been received by the county. Weaver said in listing the sites to be supplied and the amount of supplies to go into each. The amount of supplies per shelter is based upon the approved capacity of the shelter times enough food and supplies for two weeks — by which time it is assumed radiation danger will have reduced to such a level those in the shelter can venture out to replenish supplies or return to their homes.

The capacity of the shelters and the location of the shelters was determined by the U. S. Navy Bureau of Yards and Docks based on a special survey made some time ago by an engineering firm.

CANDY, MEDICAL KITS

A local trucking firm will deliver the supplies to the shelters in the quantities assigned. It hopes to have its work done early in December.

The supplies, Weaver said, consist of a special candy to supply carbohydrates in condensed form, tins of crackers or other baked products; empty steel drums of 17½-gallon capacity with special plastic liners to hold water until needed; sanitation kits in large cardboard drums and medical kits with supplies of medicine, bandages, etc.

Structures in the county found to have a rating high enough to warrant stockpiling with food and supplies and the capacity of each are: Seminary administration building, 94 persons; seminary library building, 65 persons; Bankers Mutual Insurance building on the Biglerville Rd., 202 persons; Musselman Annex of Warner Hospital, 234 persons; Gettysburg National Bank, York St., 96; Gettysburg Junior High School, 205; Albert J. Lentz American Legion home, 64; Gettysburg post office, 80; local National Guard Armory, 100; York Springs Elementary School, 228; Biglerville High School, 157.

NO FOOD FOR SOME

That the foods are concentrated is indicated by the weight of the supplies designed to last two weeks. For the 94 persons in the seminary administration building, the weight of the supplies is 910 pounds. For the 64 in the Legion 647 pounds will suffice. The Warner Hospital with the biggest capacity, 234, among the shelters has the largest amount of supplies, 2,266 pounds. York Springs Elementary School which can handle 228 will receive 2,213 pounds of supplies; for the 157 at Biglerville the weight of the supplies stockpiled will be 1,614 pounds.

Eight hundred seventy-three others in the county can obtain some degree of shelter from fallout, but will have to supply their own food. Five other buildings in the county have been marked as shelters but, according to the Navy, the amount of protection they give from radiation is not enough to warrant stockpiling.

The structures and their capacity are: The Gettysburg Times, 110; Annunciation Elementary

School of McSherrystown, 220; Delone Catholic High School, 71; Littlestown Hardware and Foundry, 295; Bendersville Elementary School, 171.

"SERIOUS MISTAKE"

Nearly every large building in the county was surveyed. Apparently the rest do not have sufficient protective factor to warrant their being marked as giving partial shelter.

Supplies are also on hand for three buildings at Gettysburg College, Weaver said. He added that there had been a "serious mistake in judgment in the survey" concerning the selection of the buildings to be stockpiled and the supplies are being held until a resurvey has been made.

A number of additional sites are expected to be qualified for stockpiling as soon as a new survey is completed. Among those are the area under the gymnasium of the new Gettysburg Senior High School, especially designed for such purposes and other new structures, particularly schools, where areas were designed as possible shelters in the construction of the buildings.

Addresses Torch Club On Tuesday

Dr. John G. Glenn, chairman of the classics department at Gettysburg College, Tuesday evening presented an illustrated lecture of a four-month tour of Greece, Italy, the Netherlands and other parts of Europe at a dinner meeting of the Torch Club in Trinity United Church of Christ. President John A. MacPhail presided.

Dr. Glenn toured Europe last summer while on sabbatical leave from the college and visited with Ambassador and Mrs. John S. Rice in The Hague. He arrived there April 30, a national holiday in observance of the Queen's birthday, and compared the "children's festival" with the annual Memorial Day flower strewing in Gettysburg.

He said that the people in Athens displayed tremendous cordiality and friendliness to him because "they are so grateful to all Americans for the assistance they have received from this country." He said, "Everyone goes out of his way to help an American." His tour included a oab trip from Piraeus to Istanbul.

FARMERS HEAR A. S. STAUFFER

Allen S. Stauffer, of the C. H. Musselman Co. Biglerville, was guest speaker at the annual fall banquet of the Gettysburg Young Farmers' Association Tuesday evening in the dining room of St. James Lutheran Church here.

He gave an illustrated talk on his recent trip behind the "Iron Curtain." President John Schwartz served as toastmaster, and Lyndale Brandon gave the invocation.

Guests introduced included Dr. Lloyd C. Keefe, retired Gettysburg superintendent of schools, and Mrs. Keefe; Guile W. Lefever, retired principal of Gettysburg High School, and Mrs. Lefever.

The only matter of business to come before the group was the report of the nominating committee by Roy Weaver.

His report listed these nominees: President, Irvin Conover; vice president, Wilbur Daner and Thomas Clowney; secretary, Daniel Hoffman; Charles Detrow; treasurer, Arthur Shanebrook Jr. and Fred

Methodists To Dedicate Organ

Sunday: The pipe organ and memorial chimes in the Gettysburg Methodist church will be rededicated at the Sunday morning service with a recital scheduled for 4 p.m. that day as the Methodist-Presbyterian Sunday Evening Hour program.

The recital will be presented by Harold R. Hunt, director of music at the Grace Lutheran church of York and dean of the York chapter of the American Guild of Organists. Mr. Hunt is also music supervisor in the public schools of Manchester, Mt. Wolf and York Haven boroughs.

A former Gettysburg college student, Mr. Hunt has studied at the Philadelphia Conservatory of Music and at the Christensen Choral school in Chambersburg. His musical education began at the age of three when he started the study of the piano.

Snow, Slush Bring First Wintry Scene: Gettysburg and Adams county got the first taste of winter for this season on Sunday when a drizzle that began in the early afternoon turned to sleet and then snow by dusk while the mercury hovered about the freezing point.

Here most of the snow melted as it fell, turning to a half-inch of slush but in the mountains of western and northern Adams county several inches of snow covered the ground, pleasing first day deer hunters but causing hazardous driving for motorists. The first snow plows were put to work on mountain highways Sunday evening and others were working today while cinder crews were kept busy.

The snow and rain had mounted to more than a full inch of precipitation here by noon today.

Kills Bobcat In Farm Yard: Wildlife is moving in on Adams counties.

During the past several weeks at least two deer collided with cars, causing much damage to the cars and apparently little to the animals.

Now bobcats are beginning to "terrorize" the southwestern part of the county.

About 12:15 o'clock this morning, William McClellan, Fairfield R. 1, shot a 15-pound bobcat in his backyard after the cat had killed a chicken and attempted to kill a turkey. The noise of the turkey alarmed McClellan, sent him into the back yard of his home to find the animal glaring at him from a tree. A shot brought down the animal. McClellan said that the animal apparently had been the cause of the disappearance of other chickens from the farm.

F. Mark Bream Is Gunning For His 61st Deer: F. Mark Bream Saturday will attempt to secure his 61st deer.

The dean of Adams county hunters, who for the past 58 years has annually sought the wily deer, hunted the first four days of this week without seeing a buck.

He holds hunting licenses one through 36, representing the 36 years that licenses have been granted by the state. He got a start on the hunting season 53 years ago when deer were far more plentiful than they are today, and there were no limits, once shooting 10 deer in two days.

Today's Talk

TO WHOM DO WE BELONG?

It is all very well to do things to please ourselves. That helps growth and development. But if we live to ourselves alone, there always comes a time when we break out all over with that dreaded of all diseases — let us call it — loneliness.

People who distribute themselves — who are forever seeking out a new scheme, or plan, whereby they can bring a little more happiness into the world for someone else — rarely gets lonely. They don't have time.

Bob Updegraff once wrote a book which he called "Yours to Venture." It was full of inspiring suggestions. It is the privilege of us all to venture, to reach out, and to touch as much of life, and as many human beings to their profit, as possible. We do not belong to ourselves. We belong to the world — and we owe that world as much out of all that we are as we can possibly give.

I was talking to a friend after the death of one who was dear to us both, and he remarked: "Well, when he left us he took something from us all with him. And I added that he left an abundance of himself behind with all who ever knew and loved him.

You will recall that famous statement of Secretary Stanton when Lincoln died: "Now he belongs to the ages."

Very little of us actually belongs to ourselves. We belong to our friends, to our companions, to the time in which we live, to our country when in peril, and, finally, we belong to God, who created us and put us here to work out our destiny.

We ought to belong to more people than we do, for there are always those who need, and hunger for the food that we have the ability to plant and harvest — and then give away. The genuine artist thinks little of his own comfort, or hope of mere profit. He hopes only that what he creates may live and be an inspiration to others, as the creation in the first place, added to his own wealth of spirit.

The more people to whom you can belong, the happier your lot is sure to be, no matter where, or what your circumstance of birth may be.

FINDS VISITOR
BURGLAR TOO

CINCINNATI (AP) — Anna Bosse came home from church Thursday and found a young man sitting on the couch with his shoes off and talking on the phone. He'd fixed himself a hamburger and was drinking beer.

Mrs. Bosse, 57, said he told her not to worry—he wasn't a burglar. He was just having trouble with his wife and had no place to go.

He then asked her to fix him a cup of coffee and after she brought it, he said everything had been patched up and he was going home.

Mrs. Bosse told police she gave him 50 cents for bus fare—and then discovered he had taken \$3.50 from her purse while she was fixing the coffee.

SEE MANY
PROBLEMS IN
GAME CHANGE

PHILADELPHIA (AP)—Officials of hotels and motels said they expect the week's delay in the Army-Navy football game will create some problems, but they can be worked out satisfactorily.

The Pentagon announced Tuesday the game would be played Dec. 7 instead of Nov. 30, as originally scheduled, because of the assassination of President Kennedy Friday.

The Philadelphia Hotel and Motor Inn Association issued this statement:

"The change in the date for the annual Army-Navy game a week later will bring many complications and problems that can and will be worked out satisfactorily.

"It will require a lot of cooperation and paper work on the part of hotels, airlines, railroads and others involved.

"We believe this game will be the greatest and most impressive Army-Navy game in the history of football. We will do our part to provide the same accommodations and services as in past years.

"We respectfully ask the public who hold hotel reservations to reconfirm their reservations for the new dates, Dec. 6-7."

LAWRENCE ON
SENATE LIST

PHILADELPHIA (AP) — The name of former Gov. David Lawrence has been added to the list of potential Democratic candidates for U.S. Senate, according to the Philadelphia Inquirer.

In Pittsburgh, Lawrence said Thursday night he had no comment about the report. He said he knew of no movement to put him on the ballot.

The Inquirer, in a story by Joseph Miller, said some Democratic leaders are working quietly to get the nomination for Lawrence. He is now chairman of the President Committee for Equal Opportunity and Housing. Miller said the 74-year-old former governor has been discussed as a possible compromise if party leaders cannot agree on a candidate.

Others mentioned as possible Democratic candidates are Genevieve Blatt, state secretary of internal affairs, Judge Clinton Budd Palmer of Northampton County and John S. Rice, U.S. ambassador to the Netherlands.

ELKO, Nev. (AP)—A father of 14 has been cleared in the fatal shooting of his landlord at Midas.

Dist. Attny. Joseph O. McDaniel declared Thursday no charges would be filed against Alvin Burkett, 49, after a coroner's jury ruled the Nov. 21 shooting of Richard W. Robertson, 33, was justifiable homicide.

The jury found that Burkett had "acted in apparent fear because of previous events" when Robertson entered their home. Burkett said Robertson held a hand in his pocket as if holding a gun.

Camel Drivers At

CAIRO (AP) — The camel drivers of Egypt's pyramids have got the hump up and gone on strike.

The 140 camels who usually trot tourists around the ancient royal tombs and the Sphinx have been trotted off the job by their owners in protest against new government regulations that:

Require each camel to bear a license; limit the price of camel rides to 35 cents and bitter-blow of all-ban tips.

The camel men say they don't go back to work until the regulations are dropped and the fares raised to \$1 an hour.

Council To End Without
Setting Retirement Age

VATICAN CITY (AP) — The Vatican Ecumenical Council will end its second session on next Wednesday without taking action on a provocative proposal to make retirement at 75 mandatory for Roman Catholic bishops.

Had such a rule been in effect a few years ago, there would have been no Pope John XXIII — and probably no ecumenical council. The former cardinal patriarch of Venice was 75 in 1956, two years before the College of Cardinals elected him to succeed Pius XII.

Pope John reportedly remarked after he moved to the Vatican Palace: "Well, here I am at the end of the road and at the top of the heap." He was 81 when he died last June.

The proposal for a fixed retirement age came up during

10 KILLED IN
PA. ACCIDENTS
OVER HOLIDAY

By THE ASSOCIATED PRESS

A Philadelphia man bled to death after accidentally cutting himself on a nail and a Haverford man had the life crushed out of him when his car fell off a jack, but as usual, traffic mishaps were the biggest accidental killers around the Commonwealth during this holiday period.

Since the Thanksgiving holiday counting period started at 6 p.m. Wednesday ten persons have been killed, eight in traffic. The counting period will end Sunday at midnight.

Two of the victims perished when their auto rammed two trees near McSherrytown.

DOUBLE FATALITY

Philadelphia — Wasy Lucas, 73, was found dead Thursday night when he gashed himself accidentally on a nail protruding in the apartment stairway.

Williamsport — Charles G. Lloyd, 60, of Williamsport killed Thursday when struck by a car at an intersection in Williamsport.

McSherrytown — Gary Forry, 21, and Calvin Eltz, 17, both of Hanover, killed Thursday when their car missed a curve on a rural road and hit two trees, just south of this Adams County community.

PEDESTRIAN KILLED

Elizabeth — Clyde Satterfield, 60, of Elizabeth, killed Wednesday night when he was struck by a car while crossing Route 51 near his auto welding shop here.

Alliquippa — Zava Crnkovich, 24, Hopewell Township, killed Thursday when his auto upset about a mile south of Alliquippa.

Gettysburg — Mrs. Helen G. Withrow, Gettysburg R. 2, killed Thursday when her car missed a curve on old Route 15 and turned over several times.

CRUSHED BY CAR

Philipsburg — Mrs. Sarah E. Yorks, 50, of Millintown R. 1, killed Thursday when her car overturned after skidding on Route 322, five miles south of Philipsburg.

Carbondale — Mrs. Sarah Watson, 73, of Lakewood, Wayne County, killed Wednesday night in a two-car collision at Finch Hill near Carbondale.

Haverford — James Somers Jr., 24, of Haverford, killed Thursday when a car he was repairing slipped off a jack and crushed him.

Game Protectors Worried
By Upturn In Violations

(Editor's Note: In many Pennsylvania communities hunting violations appear to be on an upward trend. In Chester County, for example, a deputy game protector reports a total of 61 such violations since the season opened Nov. 5. In the following AP spotlight, the game warden relates the problems incident to hunting in an era when hunters are running out of land. He explains why residents in fast-developing housing projects find themselves under the gun, so to speak, of hunters not only from their own areas but from out-of-county.)

"Many hunters, particularly those from the city, are not familiar with gunning regulations. —Bucks, Montgomery and Delaware Counties each sell between 35 and 40 thousand gunning licenses in a year. Philadelphia sells about 40 thousand."

The comparatively few farms in the area that do not forbid gunning are almost battlegrounds, he says, adding that you find the greatest concentrations of hunters in such places, thus the danger factor is extremely high.

By BOB WILLIAMS
Of The Coatesville Record

COATESVILLE, Pa. (AP)—The morning chores of a Chester County farm wife were interrupted recently by a shotgun blast close to the house.

Running outside, she discovered two hunters offering one another congratulations on a pheasant kill that was being held up for inspection.

Her complaint that the pair fired too close to her home had brought angry words from the men. In the ensuing argument one of them pushed the housewife and she fell to the ground.

NOT TYPICAL OR UNUSUAL

Taking off their coats to avoid identification through hunting license numbers, the two fled. The woman's report to a game warden brought a small plane to the scene.

Circling the area—near Philadelphia, north of Coatesville—the pilot located the hunters' truck, which had remained in the vicinity. He obtained the license number, and now the pair must answer game law violations as well as assault and battery charges.

The foregoing isn't typical of what's taking place in Chester County during the current hunting season, but it's not unusual.

GAME PROTECTOR STUNNED

Driven from their home counties of Bucks, Delaware, Philadelphia and Montgomery by ever more stringent gunning ordinances, hunters have invaded this small game haven, less than 30 miles from Philadelphia.

The result has been a total of 61 game law violations since the season opened Nov. 5. According to Edward Fasching, Northern Chester County deputy game protector, there also have been three minor injuries as a result of gunning accidents.

"Fasching reports he is stunned" by the comparatively high number of violations. "Until this year," he states, "I thought we had things under control, but now I'm not so sure."

MOSTLY NONRESIDENTS

The game protector says 98 per cent of the violations are committed by out-of-county hunters. Asked for an explanation, Fasching gives the following reasons:

"Many townships in surrounding counties—like Chester County—now have blanket ordinances that forbid gunning. This wasn't true last year, possibly the year before

TEXAS COMES FROM BEHIND IN 15-13 WIN

By MIKE RATHET
Associated Press Sports Writer

The phone jangled. Texas Coach Darrell Royal picked it up.

"Was it too much for you to watch all the time?" he asked. "Well, Nellie, I wouldn't have watched it either if I hadn't had to."

The caller was the wife of John Connally, talking from the hospital where her husband is recuperating from his bullet wounds.

Mrs. Connally was calling to offer the governor's congratulations to the Cotton Bowl bound Texas team, which had just wrapped up its first perfect season in 43 years and virtually clinched the national championship.

WIN ON LATE TD

Only minutes had elapsed since the lukewarm Longhorns had nipped Texas A&M 15-13, Duke Carlisle cracking over the one with 1:19 remaining to close out a drive that kept its momentum despite a pass interception.

Texas already had clinched a Cotton Bowl berth, but two other bowl spots were filled on a beefy Thanksgiving Day program—Illinois grabbing its first Rose Bowl assignment in 13 years and North Carolina accepting a Gator Bowl offer.

The Illini won the Big Ten Conference title and the bowl berth with a deceptive defensive formation revolving around Dick Butkus that helped throttle Michigan State 13-0. The Tar Heels edged Duke 16-14 on a 42-yard field goal by Max Chapman with 33 seconds remaining.

5 BOWL TEAMS

Five major college teams now have firm bowl commitments—Texas, Illinois, North Carolina, Nebraska and LSU. Nebraska previously nailed an Orange Bowl spot and LSU a place in the Bluebonnet Bowl.

Other bowl assignments will come from Saturday games, with most interest centering on the West Coast Rose Bowl situation. Two games hold the key—Washington State at Washington and UCLA at Southern California. A league vote will decide the entry.

Also spotlighted on Saturday's schedule is the 80th meeting of Harvard and Yale. In other games bearing on bowl bids, Auburn is at Alabama, Georgia Tech at Georgia, Mississippi at Mississippi State and Pittsburgh at Miami, Fla., for a night game.

IRISH BEATEN

One other game Thursday may have had bowl ramifications. Syracuse, looking for a bid, finished an 8-2 campaign by defeating Notre Dame 14-7.

In all, four conference crowns were wrapped up during the day. Illinois grabbed the Big Ten, Texas won the Southwest, North Carolina tied North Carolina State in the Atlantic Coast and Virginia Tech nailed the Southern title by wallopping VMI 35-20.

In other games, West Virginia blasted Furman 38-7, Minnesota blanked Wisconsin 14-0, Cornell defeated Penn 17-3, Maryland whipped Virginia 21-6, Columbia beat Rutgers 35-28, Clemson edged South Carolina 24-20, William & Mary belted Richmond 29-6 and Miami of Ohio nipped Cincinnati 21-19.

GARY PETERS NAMED AS AL ROOKIE OF '63

By BOB SALMON
BOSTON (AP) — Persistent Gary Peters, the left-hander who began to feel like a yo-yo between the minors and the Chicago White Sox, was named the American League Rookie of the Year for 1963 today, beating out teammate Pete Ward.

The 26-year-old Peters received 10 of the 20 votes cast by a committee of the Baseball Writers Association of America.

The third baseman Ward of the White Sox received six votes. Minnesota Twins center fielder Jimmie Hall drew the other four.

Peters, the first White Sox rookie winner in half a dozen years, wouldn't have drawn a single vote had the balloting been conducted at mid-season. He had won only five games in his fifth attempt to stick with Chicago.

WON 11 STRAIGHT

But the 6-foot-2, 200-pound Pennsylvanian went fast after that. From July 4 to Labor Day the never-say-die southpaw won 11 consecutive games, setting an American League record for freshmen hurlers.

Peters wound up with a won-loss record of 19-8, and had an earned run average of 2.33—tops in the league for starting pitchers and bettered only by Dick Radatz' 2.03 figure for the Boston Red Sox.

He also pitched 13 complete games and had four shutouts. He struck out 189 batters in 243 innings while allowing only 68 walks.

33 HALL HOMERS

Ward, Canadian-born, 24-year-old, was Chicago's biggest offensive weapon, leading the White Sox in practically every hitting department. He batted .285 in 157 games, hit 22 home runs, drove in 84 runs, had 177 hits and scored 80 runs. His 34 doubles ranked him second in the league.

Hall, whose slim build belies his hitting power, slugged 33 homers for a freshman record and had 80 runs batted in to go with a .260 average.

Cleveland outfielder Vic Davalillo, the littler speedster from Venezuela, was eliminated from rookie honors consideration after breaking an arm midway through the season. He had been in the thick of the race until then.

Woman Referees Soccer Battles

JOHANNESBURG, South Africa (AP) — When Mrs. Jeanne Lomborg whistles, 22 men stop and take notice.

Mrs. Lomborg, a port 24-year-old Cape Town housewife, is South Africa's first qualified soccer referee. She recently passed her national soccer referees examination and now she can take charge of top league games.

But players and spectators admit that pretty Mrs. Lomborg's presence on the field can become a little distracting as she prances up and down keeping a watchful eye on 22 footed men.

Her garb, too, is a trifle different from the accepted referee's dress. Jeanne wears tight black stove-pipe slacks and gaily embroidered blouse.

TACTICS CHANGE

Player's tactics on the field have undergone a considerable change since she appeared on the scene.

"They are more gentlemanly, their language is better and so far they've thought twice about hitting me," she says.

PROVIDENCE BEAT HORNETS

By THE ASSOCIATED PRESS

The Providence Reds have expanded to five the number of teams who have beaten the Pittsburgh Hornets in the American Hockey League so far this season.

The Reds managed to do it Thursday night on their home ice, 5-2. They thus joined Quebec, Cleveland, Rochester and Hershey as the clubs to put the black marks on Pittsburgh's 16-5 record. Baltimore, Springfield and Buffalo still haven't done it.

Their victory over the Western Division leaders gave the Reds undisputed possession of first place in the tight Eastern Division race by two points over Hershey and Baltimore. Rochester knocked Baltimore out of the triple tie by defeating the Clippers 2-1 in overtime in the other AHL game scheduled Thanksgiving night.

Bob Beckett's two goals sparked Providence. He got the first and last scores of the game as the Reds took a 3-0 lead and stayed on top. Bronco Horvath's goal at 4:34 of the sudden death overtime gave Rochester its victory on Baltimore ice and the Indians their second straight triumph.

No games are scheduled tonight.

STaubach ON ALL-EAST 11 CHOSEN BY AP

NEW YORK (AP) — Roger Staubach, the young quarterback who has won the Heisman Trophy to prove his supremacy.

Paul Martha is an ex-quarterback playing left half and Gary Wood plays like a whole platoon.

Together with Mike Brown of unbeaten, untied Delaware and Princeton fullback Cosmo Iacavazzi they comprise the unusual five-man backfield on the 1963 All-East team selected by The Associated Press.

PITT'S STAR ON

Staubach is the remarkable junior field general who has piloted second-ranked Navy to an 8-1 record and has vowed he'll justify his Heisman award with an even greater effort against Army Dec. 7.

Martha is Pitt's deft handyman called by some the school's finest runner since Marshall Goldberg. Quarterback Wood of Cornell holds five Ivy League season and career records while standing 13th nationally in rushing and first in kickoff returns.

Brown and Iacavazzi are a pair of swift, powerful ball carriers who have scored 78 points apiece.

RESULT OF DEADLOCK

The five-man backfield resulted from a deadlock by regional selection board members.

A pair of 230-pound-plus tackles, Ernie Borghetti of Pitt and Gerry Philbin of Buffalo, feature a line which has Army's Dick Nowak and Penn State's Glenn Ressler at guards, Jon Morris of Holy Cross at center with Jim Whalen of Boston College and John Parry of Brown at ends.

Staubach, tabbed "fantastic" by his coach, Wayne Hardin, has the best major college pass completion percentage and has run up 1,738 yards in total offense compared to 1,363 for Wood.

ON SECOND TEAM

"Wood may well be the best running back in the East this year," one board member said.

The second team: Ends — Al Grigaliunas, Pitt; Scott Creelman, Dartmouth. Tackles—Jim Freeman, Navy; Al Atkinson, Villanova. Guards—Fred Marlin, Navy; Bill Budness, Boston U. Center—Ed Conti, Syracuse. Backs—Jack Concannon, Boston College; Archie Roberts, Columbia; Rick Leeson, Pitt; John Sai, Navy.

HORICK, BREAM CO-CAPTAINS OF BHS SQUAD

Jeff Horick, halfback, and Bobby Bream, end, both Seniors, were elected honorary captains of the Bigville High School football team for the past season at a recent meeting of the varsity squad.

Both were selected to the All-Blue Mountain League first team. Horick, a nominee for all-state, led the Canner scorers with 73 points to be second high in the BML. He averaged 7.1 yards per carry on 885 yards in 124 tries.

Bream scored 18 points and was credited with 674 yards on 30 pass receptions.

Mike Thompson, tackle; Charles Hess, center; Mike Kane and Fred Hartman, backs, received honorable mention in the Blue Mountain selections.

TEAM STATISTICS

Bigville chalked up a 5-3-1 record, scoring 174 points to the opponents' 101. The Canners out-gained their opponents in rushing yardage 1,696 to 1,125 and in passing 869 to 360. Bigville completed 50 of 107 passes and compiled a total of 110 first downs. The opponents made good on 36 or 102 aeriels and racked up 66 first downs.

Individual yardage for the season follows: Backs, Horick 885; Fred Hartman 322; Bob Cover 47; John Pitzer 54; Richard Fair 238; Terry Taylor 122; Tommy Thompson 155; Barry Jacoby 13; Mike Kane 45; Bob Cline four; Frank Bodenberger two; ends, Bream 674; Rodney Guise 140; Bob Garretson 17; Richard Hartman 13.

They are Bob Bream, Jeff Horick, Mike Thompson, Fred Hartman, Mike Kane, Donald Heckman, Tommy Thompson, William Gardner, Rodney Guise, Donald Linard, Bob Garretson, Melvin Mentzer, Arthur Dykman (senior), Jere Lady, Ralph Beamer, Charles Hess, Richard Fair, Larry Dennis, Bob Cover, Terry Taylor and John Pitzer.

BULLETS PICK ALL-FOE TEAM

Halfbacks Bob Laughton, Bucknell, and Mike Brown, Delaware, were the top vote collectors on the 1963 Gettysburg College All-Opponent football team.

Laughton is a 5'11, 195-pound junior from Norwalk, Conn., while Brown is a 6', 201-pound senior from Wilmington, Del. Both men recorded all but one vote from the 29-man Bullet squad. This marks the first time in five years that an opponent has failed to receive a unanimous choice.

Buffalo's John Stofa, 6'3", 202-pound senior from Johnstown, captured the first team quarterback slot. John Bursala, Wittenberg's powerful senior from Turtle Creek, was top choice for fullback.

Named as the best linemen to face the Bullets in 1963 were: ends, Jom Worden, 6'1", 230, Wittenberg, and Tom Harrison, 6'1", 203, Delaware; tackles, Gerry Philbin, 6'2", 224, Buffalo, and Paul Chesmore, 6'2", 219, Delaware; guards, Don James, 6'1", 220, Delaware, and Al Capuano, 6', 200, Wittenberg; and center Mike Lucidi, 6'1", 195, Buffalo.

CARDINALS AND BROWNS FACE CRUCIAL GAME

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — St. Louis and Cleveland, two of the three teams tied for the Eastern Conference lead in the National Football League, meet Sunday in a vital game that could drop the loser out of the race.

If Charley Johnson and the youthful Cardinals knock off the Browns for the second time in three weeks, they should go on to at least a tie for the Eastern crown. Only Philadelphia and Dallas will remain in their path.

It is a "must" game for the Browns who finish their schedule on the road at St. Louis, Detroit and Washington.

BEARS MUST WIN

New York and Pittsburgh figure to keep on winning until their showdown game Dec. 15, the last day of the regular season. The Steelers are only one game back of the Giants, Cards and Browns.

With Green Bay idle after tying Detroit Thanksgiving Day, the Chicago Bears can't afford to falter against the Minnesota Vikings, a team they thumped 28-7 in September.

The American Football League will be playing the games scheduled last weekend postponed out of respect to the memory of President Kennedy. The big one is Houston at San Diego which could be a preview of the title game.

PICKS CARDINALS

With a 71-38-5 record for the year, we go into the last three weeks of the season. All games are to be played Sunday.

St. Louis 24, Cleveland 20 — If the Cards can shake their home jinx, Wally Lemm's boys should win their third straight from the top contenders. The Cards won Nov. 17, 20-14.

New York 35, Dallas 21 — Giants make Cowboys pay for upset by Cardinals with Y. A. Little gunning for all-time records. It took second half comeback for Giants to win first meeting 37-21 but Cowboy defense has given up 38 touchdowns.

Pittsburgh 31, Philadelphia 14 — Steelers get even for opening day 21-21 tie with Eagles that may cost them the title.

Chicago 24, Minnesota 7 — Vikings will find Bears' defense just as tough as Packers. Only 49ers and Lions ahead for Bears.

PICK COLTS

Baltimore 24, Washington 14 — A passing duel between Johnny Unitas and young Norm Snead who has been coming on strong.

Los Angeles 28, San Francisco 21 — Rams have won four of their last six and should handle 49ers on superior defense on passing of Roman Gabriel.

San Diego 24, Houston 7 — Chargers are rolling on way to clinching Western Division title, pack too much offense in Tobin Rote, Keith Lincoln and Paul Lowe for George Blanda and Co.

Boston 27, Buffalo 21 — Both teams still in Eastern race. Give it to Patriots on defense.

New York 28, Kansas City 21 — The 1962 champs have come upon evil days while Jets still are giving it the big hustle with a chance to win fans at home.

Final Weekend At Shenandoah

CHARLES TOWN, W. Va. — Shenandoah Downs opens the final weekend of its fall meeting tonight with the first two-mile event of the season topping the nine-race program.

Harwood, winner of three distance events here; What-A-Fit, a disappointment on two straight occasions, and Red Trouble, a winner in her Shenandoah bow last week, head the lineup for the final event in the fall marathon series.

Shenandoah closes down Saturday night after 137 days and nights of thoroughbred racing, the longest season in its five-year history. Three days were lost off the schedule when the track closed Friday, Saturday and Monday in mourning the death of President Kennedy.

The first Thanksgiving double-header Thursday did not come up to expectations, drawing 6,613 fans for the two sessions to wager a total of \$450,184.

WEST VIRGINIA EASY WINNER OVER FURMAN

By BURL OSBORNE
MORGANTOWN W. Va. (AP) — Sophomore quarterback Eddie Pastilong passed for three touchdowns Thursday and led West Virginia to an easy 38-7 Southern Conference football victory over Furman.

It was the first starting assignment for Pastilong, who sat out last season with an arm injury. He played only about half the game, but completed five of 10 passes, including a touchdown the first time he threw.

The game, postponed because of the death of President Kennedy, ended the season for both teams. Furman's final record is 7-3, West Virginia's 4-6. The victory was West Virginia's first at home this season and was by far the Mountaineers' best offensive showing.

PUT RESERVES IN

The West Virginia starting unit, which included three sophomore backs, amassed 393 yards in the first half before reserves took over. West Virginia's total offense was 519 yards, 313 rushing and 206 passing.

Furman threatened periodically to cross midfield and finally made it against reserves in the third quarter. Behind 38-0, the Paladins reeled off four straight first downs in a 54-yard drive and Everett McTeer scored their only touchdown on a one-yard plunge.

West Virginia took the opening kickoff and scored in less than three minutes when Pastilong rifled a pass from the 13 to Milt Clegg on the one. Chuck Kinder kicked the first of five extra points.

57-YARD TD PASS

About the middle of the quarter, Dick Leftridge dived across from the two for another score. Steve Berszansky added a touchdown on a 31-yard pass from Pastilong later in the first quarter.

Kinder kicked a 33-yard field goal shortly after the second period began. Three minutes later Leftridge ran 20 yards for a touchdown.

Pastilong climaxed his performance with a 57-yard touchdown pass — longest West Virginia pass of the season — to reserve end Bill Dunlevy with eight seconds left in the first half.

PACKERS NEED HELP FROM 3 OTHER SQUADS FOR TITLE SHOT

By BERNIE KENNEDY
Associated Press Sports Writer

DETROIT (AP) — Mighty Green Bay needs help from three other Western Division clubs in order to get a crack at its third National Football League championship.

Thursday, the Packers slipped a full game behind Chicago, the division leader when the Detroit Lions tied them in the waning seconds 13-13 in their annual Thanksgiving Day battle.

Compounding Green Bay's problems is an injury suffered by linebacker Ray Nitschke. He said he broke a bone in his right forearm in the fourth quarter of the game and won't see any more action this season.

BEARS MUST FALL

"Win or tie, we still have to depend on someone else to beat Chicago," said Green Bay Coach Vince Lombardi.

The Packers, now 9-2-1, meet Los Angeles and San Francisco in their final two games. Chicago, at 9-1-1, faces Minnesota, Frisco and Detroit on its home field.

The Bears take on the Vikings Sunday. In other NFL games Baltimore is at Washington, Cleveland at St. Louis, Los Angeles at San Francisco, New York at Dallas and Philadelphia at Pittsburgh.

ACTION PACKED FINISH

The Packers' latest jolt came with 16 seconds remaining in Thursday's game. Detroit fullback Nick Pietrosante leaped into the end zone from less than a yard out and Wayne Walker added the extra point that tied the score.

Walker also booted two first-half field goals.

Practically all of the action was crammed into the game's final 10 minutes as the Packers went ahead 13-6 on a seven-yard pass from Bart Starr to Ron Kramer to end a 61-yard drive.

The Lions roared back as Earl Morrall directed the final scoring drive. A pass interference penalty against Green Bay's Jesse Whitten gave the Lions the ball on the two, but they needed four cracks at the line to score after a penalty put the ball back on the seven.

NO. ILLINOIS CHOSEN AS TOP SMALL COLLEGE

By THE ASSOCIATED PRESS

Northern Illinois, carried to a perfect 9-0 season on the all-time record passing of George Bork, was chosen today the best small college football team in the country for 1963.

The Huskies from DeKalb, Ill., overtook Delaware, another unbeaten-untied team, and won by a narrow margin in The Associated Press' final poll.

Each of the teams received three first-place votes from a special panel of seven sports writers and broadcasters but Northern Illinois collected a total of 63 points to 53 for Delaware. Points are awarded on a 10-9-8-etc. basis.

WITTENBERG THIRD

The other first-place vote went to Southwest Texas and it was good enough to give that team ninth place.

Wittenberg was third in the final standings, followed by Massachusetts, St. John's of Minnesota, South Dakota State, Florida A&M, Abilene Christian, Southwest Texas and McNeese State of Lake Charles, La.

Northern Illinois closed out its season Nov. 16 and accepted a bid to play in the Mineral Springs Bowl at Excelsior, Mo. Delaware's final game was cancelled out of sympathy to the late President Kennedy.

RECORDS TUMBLED

Northern Illinois' Bork broke every single season and career record in the college books. This year alone, he completed 244 passes in 374 attempts for 3,077 yards and 32 touchdowns.

Bork was the nation's small college leader for both passing and total offense. His team led the small colleges in passing offense with an average of 349.3 yards gained a game.

The Top Ten, with season records and points:

Team	Record	Points
Northern Illinois	9-0-0	63
Delaware	8-0-0	53

Methodist Pastor, Wife Mark Golden Wedding Day

The Rev. and Mrs. William R. Jones of the Centenary Methodist Church, Littlestown, observed their golden wedding anniversary on Thanksgiving Day with their children and 10 grandchildren present at a family dinner in the Starlight Room of Dutterers Restaurant, Littlestown, followed by open house at the parsonage in the afternoon and evening.

Mr. Jones met his future bride at a Halloween party in 1908 in Lancaster where he was a student at Franklin and Marshall College. They were married on Thanksgiving Day, 1913, at the home of the bride's parents in Harrisburg.

The Rev. R. Raymond Jones, father of the groom, performed the ceremony with only members of the immediate families in attendance. After a short wedding trip they took up residence in Spring Mills, Center County, Pa., and where Mr. Jones was principal of the Gregg Twp. Schools and teacher in the high school.

In 1916 Mr. Jones was accepted as a member of the Central Pennsylvania annual conference of the then Methodist Episcopal Church and assigned to the Shawville Charge in Clearfield County, Pa.

His next charge to which he went in 1918 was the Lumber City circuit in the same county. In 1923 they were assigned to the Benton Charge in Columbia County, Pa., where Mr. Jones also taught in the Benton High School for five years. In December, 1930, they moved to Millintown, Pa., staying there until assigned to Newport in July, 1936. Approximately 110 persons were in attendance, including 23 members of the family of the celebrating couple. This marked the first time in 18 years that the Jones family was together.

FREE PARKING IS VOTED FOR SHOPPERS IN TOWN AT XMAS
Christmas shoppers in Littlestown will enjoy free parking privileges from Friday, December 20, until Christmas Day, as a result of action taken by the Littlestown Borough Council at its November meeting Tuesday evening. Council decided that parking meters will not operate during that period.

President Lewis H. Fox presided at the council meeting which began at 7 o'clock and lasted nearly five hours. All members of council were in attendance. Borough officials were present and for a brief period eight or nine students from a civics class at the St. Aloysius Parochial School also were present.

Reports showed most town streets in good condition with some improvements placed on the list for future attention. Council discussed the matter of street lighting as it applies to the scene of the accident death recently of Mrs. Ottilie Weaver on W. King St. The safety committee was directed to make an investigation and recommendations.

TWO ORDINANCES PASS
Council adopted two ordinances affecting parking and traffic regulations. One measure provides for no parking on the west side of Park Ave. from E. King St. to Crouse Park, from Crouse Park to E. Myrtle St. and on Park Ave. where it runs around the park. The second ordinance provides for one-way traffic around the park. It is designated as a one-way street running counter-clockwise around the park.

Council directed that 90 percent of the contract price, of \$15,962, be paid on the cost of a gas recirculation system in the sewage treatment plant digester. The payment is ordered subject to approval of the authority board.

Water permits were issued to the following: Mrs. Sadie Almonney, Gettysburg R. 1, for a Maryland Ave. property; J. Scott Zanger, 37 N. Queen St.; for 450 Glenwyn Drive; Vernon C. Reaver, for 35 E. King St.; James H. Patterson, for 44 Maryland Ave., and Bernard A. Wolf, 217 S. Queen St.

WATER REGULATIONS
After considerable discussion, council adopted a motion placing council on record as "opposing the method" by which the mayor and the sewer and water manager had recently lifted water use restrictions in the town. Then council passed a motion lifting the water use restrictions with the understanding that in case of a later shortage they can be reinstated.

The first motion was passed when council decided that it or its water committee should have been consulted before the regulations had been placed originally by council action.

Secretary Roger Keefe presented to council a tentative form for the new plumber's permits to be used under the new plumbing code. The form is to be approved by the sewer and water committees.

Council directed an additional rider on its liability insurance coverage to cover the placing of street Christmas decorations on Metropolitan Edison Company poles.

INVITE NEW MEMBERS
The recently elected new members of borough council, Samuel H. Higinbotham and Robert C. Koontz, will be invited to attend the next council meeting which has been advanced to December 17.

The building committee reported on plans for grading land at the rear of the community building and for filling in old cesspools there. Removal of trees at the Tot-lot at Locust and Maple Aves. has been arranged.

PLAN HOLIDAY SUPPER
A holiday covered dish supper will be held in conjunction with the monthly meeting of the Mason and Dixon Homemakers at 6:30 p.m. next Wednesday at the home of Mrs. John H. Riley, near town. There will be an exchange of gifts.

Sermon For The Week

By REV. ROBERT N. PADEN
Pastor, Cashtown Charge, UCC
"CALLED TO . . ."

Today we are deeply saddened by and mourn the untimely death of our late President. Rifle bullets motivated by hatred, fear, injustice and cruelty struck a blow that has stunned the world. Our late President is dead.

Yesterday we observed Thanksgiving Day, proclaimed by our late President for the purpose of pausing in our busy lives to offer thanksgiving to God for the blessings bestowed upon our beloved nation. This day and this terrible tragedy say something significant to each of us.

I think, first of all, we are, by them, called to repentance. They ask each of us to search our own souls for evidence of hatred, injustice and unrighteousness. It was a slug of lead that killed the President and wounded the governor of Texas, but that slug was poisoned with hatred and hatred in us is just as deadly as it was in the man who fired the gun.

LOVE ONE ANOTHER

It was our Lord and Saviour, Jesus Christ, who gave to the world the message that we should love one another. It was He who made the accusation "Any one who hates his brother is a murderer. . . ." This is a time for us to re-examine our relationship with every other man. If there is

any division between me and another, I must heal that wound by repenting and by living as one in Christ Jesus.

Second, this incident and this national holiday calls us to thanksgiving. They call us to gratitude for this great system of government under which we live. There had to be no struggle for power, there had to be no revolution to determine who would take over the reins of our nation. Even in the midst of shock and unbelief, there was a smooth transition from one President to another. Life, under this kind of government, leads me to gratitude.

So too, we are called to thanksgiving for the opportunity to live in a country where we have the freedom to think as we want to think. Here we have the freedom to disagree with the person who lives next to us, the freedom to disagree with our government. When we have this kind of freedom, we ought to recognize, we ought to understand, we ought to respect the thoughts of others. We can disagree all we want to, but this does not mean we go out and murder, verbally or literally, the one with whom we disagree.

Under Domination
In the days of Jesus, the Jews were living under domination of the Roman empire. The Roman officials kept a close watch on the people. Jesus took it upon

Himself to use the freedom we now enjoy. He disagreed with the former teachers and leaders; with the Roman officials and was hung upon the cross to die.

In our modern world there are those who have their thoughts, words and actions dictated to them. If they disagree, they are dealt with even unto death. Not so, in this country of ours, and for this I am thankful.

Also, we are called to thanksgiving for the high ideals of justice, peace, goodwill, equality and prosperity within our nation. And not only for the high ideals, but also that we have men with courage who give themselves; yes, even their lives, for these ideals. Each of us can say we

can fearlessly and unashamedly ask for God's help, strength and direction. We live where we can make God real and alive in our own lives and indeed, I am thankful for that.

Finally then, Thanksgiving Day and the shattering experience of a week ago call us to rededication. A rededication of ourselves to the principles, the ideals and the courage upon which our nation stands. We are called to rededicate ourselves to the calling of our God. We need to, and we need to now, rededicate ourselves to the message of the gospel of peace; to the wisdom of our Lord Jesus Christ.

We are called to thanksgiving for the freedom to worship God. I think it is significant that so many people in these days reached out for the help of God. I think it significant that one of the first things said by President Johnson was, "I ask for your help, and God's." We live where we are free to worship God, where we

have high ideals, but if we sit back in indifference, in apathy and in complacency, we provide the stagnation where breed the larvae of hatred, bitterness and injustice. Thank God, we have men with courage who give themselves for the high ideals rooted in Almighty God.

One of the charms of being young, is the ability to forget. That is, to forget quickly, what might appear to be a hurt, a wrong, a slight, an injury. Then, as we grow older, there is a tendency to brood over hurts, and wrongs, and injuries — real or imaginary — and sometimes we lose that beautiful mental balance, between forgetting and remembering.

There is a place to take all your hurts, your memories, your injuries of spirit; that place is your church. There you will find peace and contentment. Tie a string around *your* finger, now! Remember church this Sunday!

RED CHINESE TO SPUR WARFARE IN ASIAN AREA

By JOHN RODERICK
Associated Press Staff Writer
TOKYO (AP)—Red China has thrown down the gauntlet to President Johnson. He faces the prospect of stepped-up warfare in South Viet Nam and Laos and possibly new crises in Korea and Cambodia.

The Peking regime has made it clear it is determined to probe for any sign of U.S. uncertainty or weakness in Asian policy following the death of President Kennedy.

DEBUNK JOHNSON

The Chinese swiftly denounced Johnson as a supporter of Kennedy's "various reactionary policies." This has been followed by hostile appraisals of Johnson from North Viet Nam and the pro-Communist Pathet Lao of Laos.

North Korea has not reacted officially to the American change of leadership. But it has stepped up the virulence and volume of its anti-U.S. campaign.

The war in South Viet Nam is a prime proving ground for China's tough revolutionary theories.

WILL CONTINUE FIGHTING

North Viet Nam, which directs and assists Communist subversion in the south, quickly announced the fighting would continue as it had when Kennedy was directing U.S. assistance to South Viet Nam's anti-Communist forces.

To underline this threat, the Viet Cong guerrillas mounted powerful attacks on strategic hamlets in the south, dealing the young military regime some of the heaviest blows of the war.

In Laos, the Pathet Lao Tuesday removed all doubts about where its allegiance lies. Once supported by the Russians, it now echoes Peking's line.

ECHOES PEKING

The Pathet Lao radio said: "The U.S. imperialists will continue their policy of intervention in Laos and become more inflexible. Under such circumstances the Laotian people should never harbor any illusions about Johnson. No matter who becomes president, the nature of U.S. imperialism remains unchanged and its policy will continue to be aggressive and bellicose."

This means that the Pathet Lao will no longer respond to Soviet attempts to check its aggressive moves.

A Lovelier You

By MARY SUE MILLER

CALORIE CONTROLS. A lovely writes: After a long spell of reducing, my weight is at last normal and I aim to keep it that way. I am now in the process of

increasing my calorie intake, but it's guesswork. Is there any way to determine the exact calorie quota that would maintain normal weight? Or must it be done by a trial-and-error method like mine?

The Answer: You can pretty well pinpoint the daily calorie count that keeps you slim by using a simple formula. Just multiply your ideal weight by 15. To exemplify, let us say that your ideal weight is 120 pounds; 15 x 120 pounds comes out to an allotment of 1,800 calories.

As with all good rules, there is an exception to this one and it involves the super-active woman. Her calorie total is figured by multiplying her ideal weight by 20. But mind you, super-active does not mean housekeeping, office work or partying. To include yourself in the category, you have to use your muscles with the force of a pick-and-shovel man.

At this point you may well wonder how the formula was established. It is based on scientific data which indicates that the body needs and uses just so much calorie fuel for each pound of weight. Overages are stockpiled in the form of fat and contribute not one whit to your well-being—not to your health, nerve, comfort or looks. If there is such a thing as deadweight, it's excess weight!

Now back to the maintenance

nal for harsh, new attacks from North Korea. The North Koreans, without apparent reason, have staged several shooting incidents on the 38th parallel in recent months. Now they may again test military reactions in their sector.

MESSAGE ON THANKSGIVING BY GOVERNOR

HARRISBURG (AP)—Gov. Scranton called on all Pennsylvanians today to observe Thanksgiving in a spirit of prayer and sorrow at the passing of President John F. Kennedy.

Here is the text of his proclamation:

"Whereas Thanksgiving Day is an uniquely American holiday, and one which has endured since the history of the United States began on the shores and in the forests of New England. And whereas the roots of this national holiday run deep into our religious and cultural heritage.

"And whereas Thanksgiving Day occurs this year at a time of tragedy for the American people.

"Now, therefore, I, William W. Scranton, governor of the commonwealth of Pennsylvania, do hereby proclaim November, 28, 1963, as Thanksgiving Day, and I urge all Pennsylvanians to observe this day in a prayerful attitude both of thanksgiving to God for our many blessings and in sorrow at the passing of the President.

"Given under my hand and the great seal of the state, at the city of Harrisburg, this 26th day of November, in the year of our Lord 1963, and of the commonwealth the 188th (year).

LA JOLLA, Calif. (AP)—Mme. Amelita Galli-Curci, 81, famed operatic coloratura soprano who retired 25 years ago, died Tuesday of emphysema, a swelling of the air cells in the lungs, her physician said.

MIAMI, Fla. (AP)—Richard A. Mack, 54, former Federal Communications Commission member once charged with plotting to fix the award of channel 10 in Miami, was found dead Tuesday in a rooming house. Police said death apparently was due to natural causes.

problem: To a sound calorie count, add a weekly trip to your scales. The totals registered there have, in the last analysis, the last word.

Weep no more about excess weight! You can lose without hunger pangs, fatigue and flabby aftermaths. "Lady Bird" Is Beguiling, Efficient Family Manager; Delays Move To W. House

By MARTHA COLE
Associated Press Staff Writer

WASHINGTON (AP)—Earlier this year, Mrs. Lyndon B. Johnson was asked about her plans for the future, and she replied: "It's hard enough to get today's work done; I'll let tomorrow take care of itself. Whatever Lyndon does I'll be happy doing it right along with him."

The words paint a portrait of the small, brunette, 50-year-old woman who is the new First Lady of the United States.

ALWAYS BESIDE HUSBAND

She is one who is always there beside her husband, managing a household, taking her teen-age daughters shopping.

"Beguiling and efficient," is the way Adlai Stevenson described her.

To those who don't know her, perhaps the first thing that will be noticed is her Texas drawl. It's unmistakable but has a touch of softness akin to the South. Her mother came from Alabama.

RODE CAMPAIGN TRAIL

But many across the nation already know her, for Mrs. Johnson rode the campaign trail for the Kennedy-Johnson ticket in 1960. Sometimes she went alone, sometimes with groups of Kennedy ladies, going to teas and receptions, appearing on radio and television and holding press conferences.

For a while she didn't make speeches, confining herself to "thank you-all," but she took some speech courses and gained confidence.

Her name, Lady Bird, intrigues many. Born in Carmack, Tex., Dec. 22, 1912, she was named Claudia Alta Taylor. But a nursemaid said she looked just like a lady bird, and that name stuck. Her close friends call her Bird.

Those are the first glances at Lady Bird Johnson.

HOLDS TWO DEGREES

Back of these—a girl who took scholastic honors in high school and earned two degrees from the University of Texas, a Bachelor of Arts and a Bachelor of Journalism in 1934... a woman who has spent most of her married life in the whirl of politics.

On Nov. 17, 1934, she and Lyndon B. Johnson were married, and three years later she started knowing the life of the wife of a public official when he came to Congress.

DEFENDS AFFAIR

Earlier this year an Arab diplomat protested her honorary sponsorship of a ball honoring Israel's independence. Mrs. Johnson answered that firmly: "... I have, for whatever small value it may be, tried to be accessible and available to as many as possible, without distinction as to religion, race or religion, and certainly including all states of the Near East. I shall continue to do so."

The Johnsons have made it a policy to try to weave their two daughters into their public life. Lynda Bird, 19, a sophomore at the University of Texas, looks and acts like her father. She likes people. She's the outgoing type. Lucy Baines, 16, is more reserved.

All members of the family like the easy, casual, open-door way of life at the Johnsons' ranch near Johnson City, Tex. Mrs. Johnson is not what you call a horsewoman. She is the one who goes ahead to the ranch to prepare for guests almost always there when the Johnsons are there. She sees that everything runs smoothly.

She will not contemplate moving to the White House, she said, until all the chores Mrs. Kennedy wishes to be done are done.

"I wish to heaven I could serve Mrs. Kennedy's happiness," Mrs. Johnson said. "I can at least serve her convenience."

Second Trial To Cost \$25,000

PHILADELPHIA (AP)—The second trial of convicted murderer Frank J. Ellsworth will cost the city about \$25,000 in witness expenses.

A bill providing payment of \$15,000 to cover transportation expenses for witnesses from out of the city and \$10,000 for witness fees, lodging and other expenses, was tentatively approved Tuesday by City Council's appropriations committee.

Ellsworth, who was sentenced to life imprisonment, was convicted of first degree murder last week in the robbery-slaying of Mrs. Lulubel Rossman in a mid-city hotel here in 1955.

27 HOSPITALS GET U.S. HELP

HARRISBURG (AP)—The state Welfare Department is awaiting action by the U.S. Public Health Service on a proposal that \$10,069,434 in federal funds be allocated to 27 Pennsylvania hospitals.

The money would help finance some \$30 million in construction. The allocations were announced here Tuesday.

The hospitals involved have been notified and given 10 days for formal acceptance. They include:

Renovo Hospital, Renovo, \$161,000; Crozer-Chester Medical Center, Chester, \$833,000; Wyoming Valley Hospital, Wilkes-Barre, \$100,000; Chambersburg Hospital, Chambersburg, \$124,000; J. C. Blair Memorial Hospital, Huntingdon, \$305,000.

Jim (Mudcat) Grant of the Cleveland Indians allowed 30 home runs last season, one more than teammate Pedro Ramos and three more than Dick Donovan.

In a game against Wyoming, Pete Gotay of Montana kicked a 64-yard punt.

Johnson Does Not Accept Resignation

WASHINGTON (AP)—Arthur M. Schlesinger Jr., a special assistant to the late President Kennedy has agreed to stay on the job, at least temporarily.

Schlesinger, prize-winning historian and author, submitted his resignation to President Johnson on Saturday. Johnson did not accept it, however, and urged Schlesinger to stay on the White House staff, at least during the transition period.

There had been reports he had quit.

While Schlesinger agreed to remain, he is not expected to stay indefinitely because he strongly believes that every president should have assistants of his own choosing.

HEART ATTACK WAS WARNING FOR JOHNSON

By JOHN BARBOUR
Associated Press Staff Writer

WASHINGTON (AP)—It isn't likely that President Johnson ever will forget that July day in 1955 as his car rolled through the Virginia countryside.

He had been working hard. As majority leader of the Senate under a Republican president, he was known as a master persuader.

Already there was talk about the Democratic nomination for president.

SUDDEN HEART ATTACK

Now—on this Saturday, July 2, he was bound for the Middleburg, Va., home of a friend. Suddenly it came—the severe pain in the chest.

There was the emergency examination by a local doctor who diagnosed a heart attack, then the quick trip to the Naval hospital in Bethesda, Md., and the life-saving work of doctors.

A few days later, a fellow senator said doctors told him the 46-year-old Johnson had almost died: "The first few hours were extremely serious."

During his convalescence, the senator was probably a model patient.

OBEYED DOCTORS

He accepted the facts of the case well and did something about them. A chain-smoker, he quit smoking. Weighing about 220 pounds, he dieted—and in a few months was down to about 175.

His convalescence progressed from the hospital to his Washington home to his Texas ranch. At his ranch, he began a careful regimen of exercise—short walks morning and afternoon.

Doctors then set about redesigning the life of Lyndon Johnson as much as the man's personality would permit.

REGULAR CHECKUPS

The regular checkups every month spelled out the spectacular recovery. Blood pressure normal. Pulse normal. X-rays showed no enlargement of the heart that would indicate it was compensating for some vital damage. Electrocardiographs returned to normal, showing the heart had recovered its regularity of function.

His wife, Lady Bird, helped by sharing his rigid diet.

On Dec. 14, one of his doctors was able to report: "Senator Johnson is now active and his reactions to activity are normal."

By the end of the year, the doctors had spelled the conditions under which he could operate. Those conditions included frequent short vacations of two or three days taken throughout the year. Would he have another heart attack?

ADJUSTS LIFE

Said Dr. James C. Cain of the Mayo Clinic, a personal friend of the senator: "He does not have to have another. Because he has had one, he's not destined to have a second."

Anyone who has had a heart attack lives with the fact of it. But Johnson has picked up his vigorous life, and has met unusual stresses without apparent ill effect.

A friend agreed that while he works hard, he relaxes hard too.

SANTA CLAUS SIGHTED ON TV SCREENS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Television Thanksgiving parades Thursday made it official—the Christmas season has arrived. Santa Claus was sighted in various cities including Toronto, Detroit and New York.

CBS put its cameras on parades in several cities. ABC turned to one, in New York, and turned it into a real snappy theatrical production.

Special holiday entertainment wound up on NBC with a mildly diverting variety program presided over by Arthur Godfrey.

WORDS ERASED
A couple of words in a sentence by guest Orson Bean obviously were erased from the tape of the program. A check with the network revealed the censored words were "President Nixon," a mild gag in a parody of a Longfellow poem.

The crack was innocuous when Bean made it during the taping some time ago. They were ordered out because events of last weekend.

200 CATS WATCH TV
An English cat expert, it is reported in the current publication of the National Audience Board, has spent three years watching 200 cats watch television.

Nerea de Clifford, the expert, reports that cats generally are not interested in TV once the novelty has worn off. When they do react, it is usually to sudden, quick movements on the screen, "possibly likening them to the flight of birds or the creep of a mouse," she said.

ROMANCE COMING

True romance, maybe leading to the altar, will begin to blossom in the Dec. 8 episode of "Bonanza," when a newly widowed woman meets Adam Cartwright.

Earlier this season there was talk that the script writers would have Adam, after a few episodes, marry the widow—and

Urges Civil Rights Bill As Memorial

PITTSBURGH (AP)—David J. McDonald, president of the United Steelworkers, has asked members of the million-man union to get behind a drive for quick enactment of civil rights and tax cut legislation.

McDonald said in a statement Thursday that "As President Johnson declared, there can be no more fitting memorial to the martyred President Kennedy than swift passage of such bills . . ."

The union leader requested steelworkers to wire or write members of Congress, urging them to remain in session until the measures are passed.

Tracking Devices Need Special Areas

CAPE CANAVERAL, Fla. (AP)—Because radars, cameras and other devices which track missiles must be positioned with great accuracy in relation to one another, land on and surrounding the Atlantic Missile Range is among the most thoroughly surveyed in the world.

Tracking instruments are strung like beads along the South Atlantic coast from Savannah, Ga., to Homestead Air Force Base, south of Miami. Capt. William N. Martin of the U.S. Coast and Geodetic Survey reports the distances between any points along this stretch are known within an accuracy of only one foot of error in 1,000 miles.

On the national geodetic network, the accuracy over 50-mile distances has an estimated error of one foot in 10 miles.

Because surveying over water can be tricky, distances between Cape Canaveral and some down-range tracking stations are known with an error of one foot in 100 miles—still pretty pretty precise when compared with the figures away from the Cape.

Martin says survey crews work continually to improve the accuracy figures on the range.

Littlestown PUSH PLANS ON BICENTENNIAL

Incorporation procedures are near completion for the Littlestown Bicentennial nonprofit organization, it was noted at the meeting of the bicentennial executive committee on Tuesday evening at the home of the chairman, J. Arthur Boyd.

Time was devoted by the committee to the selection of division chairman for the bicentennial observance in August, 1965. Letterheads, checks and requisitions have been printed.

The committee adopted a system of requisition control and payment of bills. In addition to serving as treasurer of the committee, Ray Harner will also be the bookkeeper and was authorized to pay all bills with properly signed requisitions.

Duties of the various executive committee members and division chairmen were reviewed. It was noted that no individual or firm may use the official seal of the Littlestown Bicentennial, Inc., adopted by the corporation, for any purpose without the permission of the corporation officers.

The next meeting will be at the call of the chairman.

CAPE IS NAMED FOR KENNEDY

CAPE KENNEDY, Fla. (AP)—Cape Canaveral today bears the name of Cape Kennedy, honoring martyred John F. Kennedy, who designated it as the blastoff point for trips to the moon.

President Lyndon B. Johnson also named this Florida East Coast promontory's vast facilities for rocketry the John F. Kennedy Space Center.

The surprise action Thursday night drew mostly favorable comment here but it posed some problems for businesses which have capitalized on the Cape Canaveral name.

Some officials, including Gov. Farris Bryant of Florida and missile-space program executives, drew heartening inference that Johnson's action means full-speed ahead on the man-in-the-moon flight and other projects President Kennedy pushed.

Johnson Aware Of Obstacles In Civil Rights Platform In '64 Presidential Campaign

By **RELMAN MORIN**
Associated Press Staff Writer
WASHINGTON (AP) — The towering domestic problem in the United States today, and a tricky political issue in the battle for the presidency next year, is the question of full equality for the Negro.

President Johnson is a Southerner.

GETTYSBURG SPEECH

But speaking last Memorial Day on the site of the Battle of Gettysburg Johnson said:

"Until justice is blind to color, until education is unaware of race, until opportunity is not concerned with the color of men's skins, emancipation will be a proclamation but not a fact."

Johnson helped guide some civil rights legislation through the Senate in 1957 and 1960.

As a political realist, he knows his position on civil rights can cost him votes in the likely event that he is the Democratic nominee in 1964. In Texas, only a few hours before President Kennedy was assassinated, Johnson said, "The civil rights issue is going to hurt us."

"ICEBERG ISSUE"

It may be a factor in parts of the North too. Some Northern politicians call civil rights and "iceberg issue"—meaning there is more hidden than visible opposition to Kennedy administration proposals in this field.

Where does Johnson stand on other issues?

Here are some of his statements.

Cuba—"We shall not be content until the last of the Soviet forces are withdrawn from foreign soil."

Foreign aid—"No nation can long enjoy affluence when all the other nations are impoverished."

Defense—"We cannot be done with our dangers or even our duties by next weekend or next year. We are in for a long pull and it is our duty to begin pulling."

Communist China—"America stands firm with her Chinese (Nationalist) allies and we shall continue to do so until freedom is secured."

Disarmament—"We now face the prospect of destroying ourselves. . . . I am calling for an open curtain for full discussion of the immediate, urgent problems facing our people. We should insist on the right to state our case on disarmament in detail to the Soviet people." (He said this in 1957, before the agreement to ban nuclear testing.)

REVITALIZE DIPLOMAT

Latin America—"We must revitalize our diplomatic corps with ambassadors who know and understand our neighbors and their language and have qualifications other than contributing to campaign chests."

"We must offer to the people of Latin America the very best technical know-how which will help them to develop their skills and to make and sell their products."

PAST RECORD

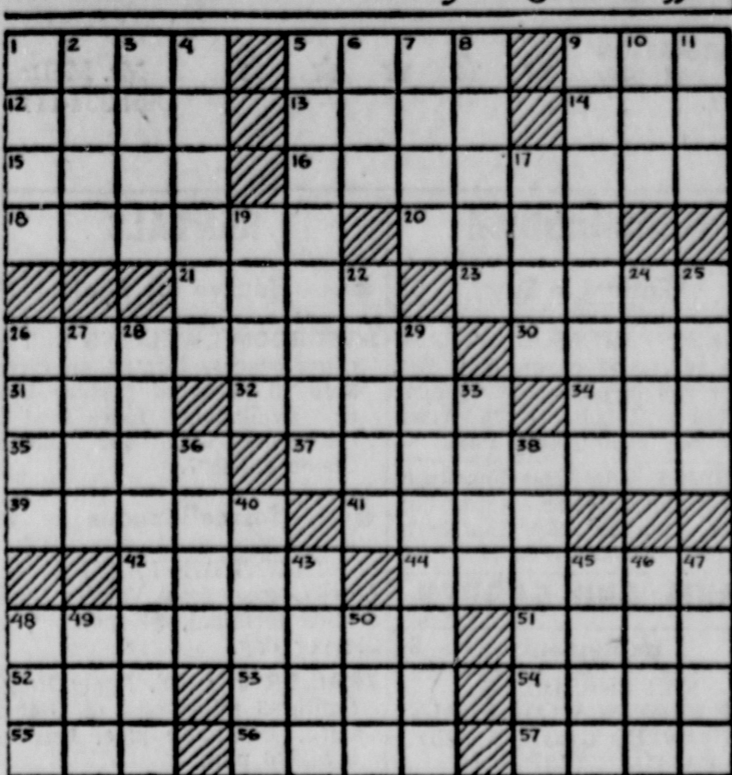

Johnson's voting record shows:

Labor—In 1947, he voted to override President Truman's veto of the Taft-Hartley Labor Relations Act. In 1952, he voted to request the President to invoke the injunction provisions of the Taft-Hartley act in the steel strike. In other votes, he opposed requiring unions to elect their officers by secret ballot every four years and requiring a majority vote by secret ballot before a union could call a strike.

for a \$300 million federal aid to education bill and against an amendment to restrict aid to public schools. In 1960, he voted to provide \$917 million a year for two years for school construction and teachers' salaries.

STAND ON TAXES

Taxes—In 1948, Johnson voted against the tax reduction bill passed in the Republican-controlled Congress over President Truman's veto. He had supported a move to send the bill back to committee with instructions to raise personal exemptions to \$700 and increase corporate

taxes. In 1951, he voted against a tax bill amendment to provide for a withholding tax on dividends.

Welfare—He voted for area redevelopment legislation, disability benefits under Social Security, extending Social Security coverage, increased grants for public assistance, establishing a youth conservation corps, larger appropriations for federally sponsored medical research, slum clearance and low rent housing legislation.

FESTIVE MOOD DAMPENED BY TRAGIC DEATH

By THE ASSOCIATED PRESS

Their hearts saddened by the loss of a President and their minds preoccupied by the changes that follow, Pennsylvanians will observe Thanksgiving this year with something less than the festive spirit.

More than ever, the emphasis is on the spiritual, the patriotic the true mood of Thanksgiving.

More than ever, people will be going to churches for special services, in Philadelphia, Pittsburgh and Harrisburg, and in all the other cities, towns and villages.

Thousands of families will get together for their customary family reunions, and colleagues and others are heading home to be with their folks. But sorrow and shock keep all these activities subdued.

PLEASE CHILDREN

At the same time the grown-ups will try to make it a traditional Thanksgiving Day for the children, with plenty of good things to eat, and the excitement that in recent years has come with combining the holiday with the advent of Santa Claus.

Philadelphia made up its mind therefore, to have its celebrated Thanksgiving Day parade as usual — the 44th since the spectacle first was presented.

Santa arrives in a whirl of juvenile expectation, with giant balloons, many floats and decorated automobiles, bands of all kinds, and an array of clowns.

Santa comes to town officially in other places, too, if not so spectacularly on Thanksgiving day itself, then at the end of the week.

IDENTIFY PILOT

GANDER, N.H. (AP) — The pilot killed in the crash of a private plane Tuesday has been identified as Kenneth Anderson of Kerrville, Tex., formerly of Johnstown, Pa. The plane's owner, Samuel Mervyn Henry of Coleraine, Northern Ireland, was also killed. They were en route from Lock Haven, Pa., to Shannon, Ireland.

Don Heffner, Mel Harder and Wes Westrum will coach under Met Manager Casey Stengel next season.

Space Problems Happily Solved Here!

Families on-the-grow often create the need for more living space. Best solution in many cases is to buy a new home of their own. This raises the question of financing. We'll arrange a home loan that can be repaid like rent. Come in, talk it over.

In other cases, extra living space can be developed right in your present home by adding an extra room, or finishing off the attic or basement. The necessary funds can be obtained on a home improvement loan from us.
